

Mazovia Cluster ICT

MAZOVIA CLUSTER ICT:

15 years of activity

More than 400
companies

15 scientific and
research institutions

WHAT WE DO?

Mazovia Cluster ICT, Key National Cluster connects over 400 enterprises from the SME sector, as well as large business entities. We pursue our goals through joint projects under which support is offered to Cluster members. We facilitate access to information and promotion services, consulting, training and financing the implementation of innovative technologies and products.

WHAT DO WE BELIEVE?

We believe that the best way to predict the future is to create it.

In this way, MKICT has long-term and significant effects on the development of the country, region and Europe.

WHAT WE OFFER?

- Access to the vast resources of our ecosystem
- Exchange of experience and transfer of knowledge
- Common projects
- Possibility of obtaining subsidies from the EU
- Specialist advice
- Joint promotion and marketing
